### **How To Reduce Fat** Without Exercise, Drugs or Diet

This is the time worn lat people should be thinking about lemning their weight and should stop making the fat that is such a burden to them. The best way and the eastest way is the Marmola way. The farmors Marmola Prescription has been prepared in twhich so much has been said and settlen this past year. This way is the Marmola Way. The farmors Marmola Prescription has been prepared in twhich form. These little tablets contain nothing but the same ments that go to change the best things which produce fat into good, strong blood, nerves, tissues and home. More than this neas tablets should remove the fatremaining at the rate of from 12 to 15 cutness per day. You must not confess Marmola Tablets with harmful patent drugs and hurtful reducing methods. These tablets go into your stomach just like the fined you cat. They boild up the juless of the digestive argans and correct those falces so that they produce as more fat. They are harmless, yet thousands of mean and women all over this tand to day are of time figure and normal size because of these little tablets. This is why every drugglest everywhere carries them in stock and will sell them to you. If your drugglest does not have them, of you at once in a plain package, postage paid—Advt.
